

REMARKS

Original claims 22-31 and new claims 32-44 appear in this application for the Examiner's review and consideration.

In response to the Examiner's restriction requirement, applicants elect the Group II claims, namely method claims 22-31, for prosecution in this application. Accordingly, as claims 1-21 would be withdrawn from consideration, these claims have been cancelled. The new claims that are presented are directed to preferred emulsions for use in the method embodiment of the invention, so that those claims should be examined with the Group II claims at this time. Support for these claims appears in original claims 5-21, so that there is no issue of new matter. A favorable action on the merits of claims 22-44 is respectfully requested.

Respectfully submitted,

Date: 8/4/06
